

Bob Holmes "The One Man Volleyball Team"

bob@beatbob.com
910-988-0865

Could you please forward to the staff person who would set up a motivational speaker into your school. (Drugs, alcohol, etc.)

Bob Holmes the One Man Volleyball Team is going to be in your area this June and next school year and would like to be with your school. This would be a great idea for an end of the year motivational assembly.

Bob will take on a girl's team, boy's team, and a faculty team and then bring an important speech for your students. Few people remember things they hear, but most people remember an experience they had in life whether positive or negative.

The leaders in the schools where Bob has been really appreciate this assembly because of it's exciting exhibition with a motivational message on Standing Alone and Beating the Odds. This message covers saying no to drugs, alcohol, bullying and the things that destroy lives.

Principals love how the young people are very interactive with Bob during the games prior to hearing his message.

I would like you to visit my website and view a video of a great assembly idea for your school, www.beatbob.com then click on the video. Once you view this video you will have an excitement about bringing Bob to your school.

On this web site video you will see Bob Holmes the One Man Volleyball Team who has over 16,000 wins in over 5000 schools in America. You will see him beating the Washington Redskins, Baltimore Orioles, and Minnesota Vikings.

Bob has been featured on Ripley's Believe it or Not, CBS This Morning Show, and in the Usa Today newspaper.

Many schools pay Bob out of the Safe and Drug Free School grants, S.A.D.D. , Dare, etc.

Here is a recent testimonial of Bob's assembly.

"Bob, the one man volleyball can help your school send positive messages about goal setting, taking responsibility for ones actions among other things. His gift is using the sport of volleyball to entertain students and providing a message of hope and healing. The responses from students and faculty have been overwhelmingly positive about his technique for reaching his audience."

Paul Robdou

Laconia New Hampshire High School
