

## Helping the Local Church Reach the Community

**There is such a mission field in the public schools! Besides each staff and student that will attend the "One Man Volleyball Team" assembly, there are their families who are often enthusiastically invited to the final evangelistic night where they hear the gospel boldly preached after seeing some community teams play.**

**This is a wonderful opportunity for the local church members to invite others to attend a meeting to hear the gospel preached with an appeal of something that may draw them to come. Decision cards are collected by the hosting church to follow up new converts.**

### "The One Man Volleyball Team"-

I have traveled as an evangelist doing local church revival meetings now for twenty-eight years. For a number of the beginning years, I would be burdened by the fact that a great deal of effort would go out to invite the lost to the meetings, and so very, very few would attend. Little did I know then that the Lord would use severe back pain I developed from many miles of traveling in small cars with too little exercise to open thousands of doors for me into the public schools and colleges! I started playing volleyball one on one with a friend for needed exercise and from there the Lord gave me the burden to see if I could use the concept of being a "one man team" to enter into the public school arena with the gospel and a way to invite thousands to a rally hosted by the local churches. The story from here on is just a testament to the Lord's wonderful power and grace as he has enabled me to preach the gospel to thousands through playing a volleyball game and then inviting the audiences to a evangelistic service. My heart's burden remains bringing the messages that will strengthen the local church as well as having a way to reach the lost, the burden has never changed! Eph 4:11.

Because of His Grace,

**...I say unto you, Lift up your eyes, and look on the fields; for they are white already to harvest.**

# For A Great Door and Effectual Is Opened Unto Me...

My main purpose for this letter is to let you know that Brother Holmes is a fine Preacher with a heart to help and encourage those in your Church. I had him Preach for us, our folks received him warmly and many were helped and challenged. Several other Pastors that I know have had the same experience. Sometimes a man can be hindered by a gift that causes others to overlook his calling from God. Brother Holmes spent several years as an Evangelist and will be a blessing to your Church. Please consider having him Preach for you. No real man of God wants to be a novelty when he has a calling from God to Preach the Word. Brother Holmes is a man of God and a good Preacher and you will be pleased with his strong Bible messages. Again, I encourage you to consider allowing him to Preach in your Church.

Thank you for your time and consideration. May the Lord bless you as we serve Him faithfully until He comes.

So Glad To Be So Saved

Psalm 68:19

Hi bob!

My Name is Amber ...Well on up until today I was thinking about trying one final time. But then you came and talked. You helped me see that someone out there actually cares about kids like me. I really love what you do. Playing for me and other kids. If you wouldn't have come and talked.. I probably wouldn't have been writing this. Your talk made me cry. It actually touched me and made me think about what I was thinking of doing. I just thought it was going to be another guy trying to act like he cared for things, but in your voice there was something that actually showed me you really cared and weren't just trying to be known..... When you talked about the cuts on that kids wrists I cried. because I was one of those kids. Today I had cuts on my wrists from last night, and no one noticed. And When You told it, it was like you were talking about me. I would Like to thank you for everything you help me realize in one assembly. You have saved me from myself and now, I realize that someone cares. Thank you so much. you do not realize how much you have opened my eyes.

Thank you so much  
With  
love,  
~\_\*Amber\*\_~

## Still Preaching the Old Time Religion

**I believe** that salvation is by grace through faith in the blood and finished atonement of Jesus Christ at Calvary.

**I believe** that believers should be immersed in water after being saved. Such believers baptism is an ordinance but is not a means of grace.

**I believe** in a premillennial, pretribulational translation or rapture of the Church.

**I believe** that a depraved and sinful nature and a naturally dead spirit does not hinder a man from being a free moral agent who is capable and expected by God to will and believe and respond to the admonitions of the Gospel. Men are free to reject God's graciousness in providing a free salvation. Further, Jesus Christ died for "all" without exception.

**I believe** that the saints should be separate from the world as pilgrims and sojourners, that the world is evil in its nature and that Satan is its primary god and governor.

**I believe** the trinitarian doctrine of the Godhead and therefore believe Jesus Christ not only to be the Son of God but also God Himself, the image of God, God manifest in the flesh. We also find abundant evidence that the Holy Spirit as both God's and Christ's Spirit is Himself God, as well.

**I believe** in a literal, hot and burning Hell and future Lake of Fire.

**I believe** in Biblical Separation and not Isolation—Being in the world but not of the world
