

May The Lord Bless You

May the Lord bless you as you pray and labor to reach the lost in your community.

Dr. Lee Roberson said, "the Door of Opportunity Swings on the Hinges of Opposition"

So remember as you work and put together this event that it's main purpose is to reach the lost in your area and that our enemy the Devil will not sit back and let us work freely. We need the power and presence of God as we engage him on the battle field of life.

Remember our help cometh from above and we must keep on keeping on no matter who is for us or against us.

One of Bro. Lester Roloff's favorite songs was, "Little is Much when God is in it"

So Let's Keep the Lord first and allow Him to go before us and let's give Him all of the honor and glory.

Your Friend In Christ

Bro. Bob Holmes

“We Must Organize, So We can Mobilize, So We Can Evangelize-” Dr. Carl Hatch

The Word of God tells us to let all things be done decently and in order. Which is the purpose of this brochure. We live in a busy day and age and every little bit of help makes a difference. Remember that some of the things listed are necessary

One of Bobs Assemblies— Once he earns their respect on the court they will listen from the sidelines

and some are suggestions. The things you will read about have worked to make hundreds of rallies a success for the glory of God. Thanks again for your desire to reach the lost.

It is my suggestion that you have Bob in your

Church prior to your City wide rally. This is a suggestion, but it sure makes a difference in the people once they see and hear Bobs heart. This is also an opportunity for a big day on Sunday as well. Many want to have Bob only for the volleyball, but called him to preach not to play. The volleyball is just a gift that draws the crowd.

You want to get started at least 3 months prior to your scheduled event.

Once again may the Lord bless you as you ask Him to open the doors for you as you labor in His field.

Get with a local DARE officer or a police officer in the Church and have him/her take you to the local schools to meet the principal. Show the School Promotional Video (request it from rkostreba@aol.com) in person. If you leave it you will normally not hear back from them. (out of sight out of mind) Tell them the week you have Bob Scheduled to come to your town. Be sure to clarify that he is a motivational speaker who delivers a powerful message against drugs, alcohol, sex, and suicide.

Once you have one school on board then begin to work on the rest of your list as well (Bob can do 3 schools a day) once a school is interested contact bro. Rodney Sellers 832-731-9574

Begin to promote the event within the community. Be sure to give the local media a heads up about Bob coming to town. Schedule a time with them for Radio and TV coverage. Also notify the newspapers and the media will ask you to let them know again when the event is a week or two away. This way they will have it on their calendars. This is the time to start raising sponsors if you desire to help with door prizes and the pizza. These are the keys to the contacts and the larger crowds.

Have tickets printed once you have secured the gym location for the event, this should be a public school or college gym that one of the daytime assemblies will be held at. These are neutral locations and the public will want to attend. You can request posters as well you will only have to pay for the shipping. You may contact Ron Kostreba at rkostreba@aol.com Use the gym set up sheet to make sure you have everything needed for the big night. Normally the equipment is supplied by the school.

Start recruiting your teams for the big night. Bob will play 6 games on the rally night. Try and get as many high profile teams as you can. This would be people like the police, fire, Military Recruiters (Have the set up a table), local college teams, media teams, City officials, and any professional Football, Baseball, Basketball, Hockey teams that you can get. You may also invite the entire High School Football teams to play him and their bands to come and cheer them on.

Recruit workers to assist with registration tables, passing the collection buckets (1 gallon buckets work well), security, score keepers, line judges, ball chasers, clean up crew, and an announcer this is usually the one who organized the event do to the fact they have contacted most everyone and can better recognize the special guest.
